MARKETPLACE
STAFFING

the people you need to succeed

earning your trust

Every business day, organizations succeed or fail based on the performance of their people.

At Marketplace Staffing, we are committed to finding the very best people available to complete your team. To meet your needs. And to grow your business.

Our services and systems are geared first to quality, then to quantity. We arm your organization with individuals who become your competitive advantage, people who demonstrate results, plus talent and skill.

Since 1996, Marketplace Staffing has provided high quality, value-added staffing services and solutions to leading companies. A Certified Minority Business Enterprise, we've grown to become one of the leading independent staffing providers in the entire country by providing world-class, comprehensive staffing and productivity solutions.

One day at a time. One client at a time.
One employee at a time.

And by always delivering, and being
the people you need to succeed.

solutions as individual as your business

As expected of a leading regional firm, our services continuously expand to meet changing times – always with an eye towards delivering high-value, quality service and associates to each client. We offer a range of services to meet virtually any client requirement. And we work within any client culture – always with your needs, timetable and budget in mind. Services include:

contract/outsourcing services

For companies that require continuing use of associates, Contract/Outsourcing Services are the way to go. These clients enjoy comprehensive staffing teams calibrated to meet established productivity, profitability, safety and quality control measures.

temporary associates

We regularly assist clients by providing capable, committed temporary associates to supplement your team when seasonal peaks, special projects, employee absences or unique skill shortages arise. Our proven ability to source skilled temporary associates in any market, and to quickly meet client needs, is a hallmark of our organization.

temporary-to-hire associates

Our “temp-to-hire” solutions allow a Marketplace associate to work as a temporary employee at your site for a trial period during which time both you and the associate consider a “permanent” employment relationship.

permanent placement/executive search

Because we believe that outstanding individuals are the source of great ideas and greater results, we help organizations find outstanding individuals for technical, middle-management and executive level positions. Because such individuals are not sitting around reading want ads, we deploy proven methodologies to deliver the best people, enriching your organization with every high-quality, permanent placement.

payroll & support services

Marketplace payroll services can efficiently and seamlessly relieve you of the administrative burdens of payroll management so that you can focus on your core competencies – and accelerate your success.

you're in good company

You can tell a lot about an organization by the company it keeps and the clients it serves. We are particularly proud of our client list – organizations where we've provided human capital to assist in profitably growing client businesses. Among hundreds of current and recent clients served by Marketplace are:

P&G	Verizon	Coca-Cola
Michelin	Marriott	Embassy Suites
Hilton	Teletch	Emitec
Faurecia	BB&T	Bank of America

Like any smart organization, we don't try to be all things to all people. So while we work in many industries, we have particularly deep expertise and experience in a few – helping us know their needs, their nuances, and the type of talent that will make a difference.

light industrial, technical, warehouse & skilled trades

Marketplace Staffing Solutions division

Supports clients in the manufacturing, distribution and transportation industries. From picker-packer and maintenance helpers to certified forklift operators, machine operators, assemblers and mechanics, we deliver the talent you need to run your operation efficiently and safely.

office & administrative

Marketplace Professional Solutions division

Provides highly skilled office and administrative employees for today's rapidly-changing work environments. From administrative assistants and office managers to receptionists, transcriptionists and call center/service center personnel, turn to the team at Marketplace.

accounting & finance

Marketplace Financial Solutions division

For temporary, project consulting and full-time financial resources, Marketplace delivers experienced professionals with expertise in accounting, finance, banking, insurance and bookkeeping services – where and when you need them.

information technology

Marketplace Technology Solutions division

Companies of all sizes rely on Marketplace for IT talent. Our thorough scrutiny of candidates and personalized client matching delivers top talent ranging from network security to applications development and call center management to technical support and help desk solutions.

healthcare

Marketplace Healthcare Solutions division

For temporary assignments or full-time solutions, our healthcare staffing capabilities span a broad array of diagnostic and interventional specialties – from therapy, imaging and pharmacy professionals trained in the latest technologies to qualified nursing professionals who will seamlessly integrate with your core staff.

delivering great people

To ensure that we bring the right talent to the table, Marketplace has developed a proprietary process to deliver the perfect staffing solution every time. Our multi-phase effort features a five-step Total Quality Management Process: Needs Analysis, Candidate Recruiting, Screening, Selection and Performance Monitoring. This time-proven and proprietary system ensures that high-performance talent is on the job, where and when you need it.

how Marketplace can help

At Marketplace, count on us to find the very best talent available to fill out your team.

Our experience in providing top talent, training and management services to meet the diverse needs of regional, national and global organizations assures you of tremendous value and deep expertise.

Our consultative team of professionals brings the highest level of business acumen to you with responsive, flexible and personalized service. Our focus is on developing long-term, mutually-beneficial relationships.

We are a turnkey provider, delivering associates that are insured, bonded, trained and proven – and available 24/7/365 days a year. By administering all payroll records and handling all paperwork, we allow you to focus on achieving even greater levels of success for your enterprise.

As you consider a relationship with a staffing partner, Marketplace would welcome the chance to demonstrate our capabilities, insight, service ethic and value to you.

We're Marketplace. The people you need to succeed.
